Timber Frame

Built to withstand everyday living, our sturdy hardwood frames are made using sustainably sourced timber. Each frame is carefully assembled by skilled craftspeople here in the UK.

Seat Cushions

Choose from two cosy seat cushion options:

Foam Blend: Offering a soft, cocooning sit with a sink-in feel and a more relaxed look. Each seat is made from 100% recycled foam pieces, held within a supportive cover and then gently wrapped in soft fibre for an extra layer of comfort.

Care tip: Plump the seat cushions regularly to help maintain their appearance.

Supportive Foam: Ideal for those who prefer a more supportive sit with a little extra firmness. Each seat features a strong foam core surrounded by two additional layers of foam, combining lasting comfort with excellent shape retention.

Care tip: Plump and rotate your cushions regularly to help encourage even wear.
