Timber Frame

Built to withstand everyday living, our sturdy hardwood frames are made using sustainably sourced timber. Each frame is carefully assembled by skilled craftspeople here in the UK.

Seat Cushions

Choose from two cosy seat cushion options:

Cosy Fibre: For those who love a wonderfully soft, relaxed sit with a cosy, sink-in feel. Thoughtfully made using high-quality fibre from 100% recycled bottles, these seats offer a sumptuously soft feel for laid-back comfort.

Care tip: Plump and rotate your cushions regularly to help encourage even wear.

Soft Wrapped Foam: A supportive foam core is wrapped in a soft layer of fibre to create a more structured, semi-firm sit. It has a comfortable, cushioned finish and is a great choice for those who prefer a little more firmness while still enjoying softness.

Care tip: Plump and rotate your cushions regularly to help encourage even wear.
