Timber Frame

Built to withstand everyday living, our sturdy hardwood frames are made using sustainably sourced timber. Each frame is carefully assembled by skilled craftspeople here in the UK.

Seat Cushions

Soft Wrapped Foam: A supportive foam core is wrapped in a soft layer of fibre to create a more structured, semi-firm sit. It has a comfortable, cushioned finish and is a great choice for those who prefer a little more firmness while still enjoying softness.

Care tip: Plump and rotate your cushions regularly to help encourage even wear.
